MEMORANDUM FOR: Fine Arts Commission

SUBJECT: Trash Cans in Public Spaces

Would you be good enough to notice the new black trash cans in the seventh floor elevator lobby near E corridor, and in the lobby of the Paris elevator core on the first floor. These were obtained to fit into the present decor. You remember that black is an accent color. These would serve as a replacement for the white trash cans which are now stationed throughout the building. Please advise me before 5 pm on Monday, 1 February, of your comments or concurrence in a recommendation that the black cans be substituted for the white ones. If I am not available, please leave your messages with one of my secretaries.
